

On That Final Day

By Pete Justine copyright 2020 CCLI Song # 7147056

E B C#m A E

All my days, like the flowers fade away

B A B

Like the whisper of a gentle summer rain

E B C#m A E

The seasons change, yet Your love remains the same

B A Bsus
And I'm longing for when You call my name

B **A**
And the worship sounds like laughter

B **A**
As creation starts to play

B **A**
It's a happily ever after

F#m G#m A Asus
When I finally get to dance with You

E B C#m A E
Autumn leaves cascading down around my feet

B A B

Like a quiet waltz of all my memories

E B
And like a dream
C#m A E
You take my hand and look at me
 B F#m G#m
And walk me to the edge of eternity
A B
What a sight to see!

B A
And the worship sounds like laughter
B A
As creation starts to play
B A
It's a happily ever after
 F#m G#m
When I finally get to dance with You
A Asus
On that final day

D A F#m B
You'll heal our every pain and wipe the tears away

And on that final day we will see You in Your glory

D A F#m B
And finally find ourselves lost in Your embrace

F#m B
Lost in Your embrace

B **A**
And the worship sounds like laughter

As creation starts to play

B **A**
It's a happily ever after

When I finally get to dance with You

On that final day
